THE FINAL FRAME

TRANSITION TEAMWORK | *photo by* SENIOR AIRMAN JULIANNE SHOWALTER

A CV-22 Osprey from the 8th Special Operations Squadron and an MH-53 Pave Low from the 20th Special Operations Squadron fly over the coastline near Hurlburt Field, Fla. The MH-53 officially retired October 2008, and the CV-22 is the primary workhorse for the Air Force Special Operations Command helicopter missions.
